<p>Tutor Details</p>	<p>Tracey Altmann is the technician from Comberton Village College who supports the art department with the GCSE and A Level art and photography students. She also teaches local art classes in the afternoons. A Graphic Designer and Choreographer by trade, she has worked in various art forms since graduating from both Witwatersrand University (1992) and Dundee College (2002).</p> <p>Artist statement: I love experimenting in varied art forms like film, photography, origami, painting, dance, choreography, crochet, design, printing, ceramics and papermaking to name a few. My journey in art began as a child when I was introduced to origami (paper folding). My discovery of the versatility of paper, love of creating and being open to observing art in everyday life, was inspired by my aunt, who is an international paper artist. As a graphic designer by trade, I have always worked to a strict brief for clients like Swatch, Sony and SAP. In contrast, the art I create today is more accidental, rather than precise. Currently, I love making paper and abstract art where there is no brief to fulfil and I can create something for pleasure – free to be in the moment and able to express my emotions.</p>
